

A Personal Appeal by the Founder of the Silver Star Families of
America

Hello my friends

For years the SSFOA has been able to maintain its programs on the generous donations from our members. This is no longer the case.

The increased demand for V.A. coupon books so our homeless can buy a meal and for Prayer Blankets for our dying veterans has been overwhelming.

The SSFOA has never shrunk from the tough jobs, like our homeless, our incarcerated or our sick, ill and dying veterans. We have done our best to be there for them.

Now, we need you to be there for us. Please send us what you can. I promise you that at least 95% of every dollar will go directly to our programs. We pay no salaries and we have no big costly conventions. We just do our jobs as you would wish us to do so.

Now is the time my friends; don't let down those that need us the most and who have given so much. Hit the button below and let them know you care.

THANK YOU!

God Bless

Steve Newton, SSFOA Founder
